**End of Sale Statement**

June 2020

Barrett Communications is announcing the end of sale of the 2060 HF Telephone Interconnect – base station package (Part #: BC20601) with the following rationale and way forward.

In 2020, Barrett discontinued the 2022 Power Supply unit (which has been superseded the 4022 Power Supply and Charger) and the 3U side-plate pack therefore changing the configuration of this product.

As such the 2060 HF Telephone Interconnect – base station package (P/N BC20601) has been replaced by the 2060 HF Telephone Interconnect (P/N BC20600) which can be paired with either the 2050 HF SSB Transceiver or the 4050 HF SDR Transceiver.

Effective immediately, manufacturing will cease and no further orders can be accepted for the The 2060 HF Telephone Interconnect – base station package.

Customers interested in the 2060 HF Telephone Interconnect are recommended to contact Barrett Communications.
